stereo **RS-100** amplifier

Introducing the RS-100

The RS-100, is our one of our latest additions to the Reference Series.

It is a true balanced stereo poweramplifier running in our typical class AB mode, with enough power in class A to maintain the musicality every Vitus Audio products is so well known for.

Only 3 months after the introduction of the RI-100 integrated amplifier, it already received multiple raving reviews around the world, and even the first award, for its truly impressive musical performance and powerhandling.

The RS-100 shares the same technology as the RI-100, but with an enhanced outputstage and powersupply, it will offer an even better powerhandling, level of resolution and both micro and macro dynamics.

Together with the RL-101 linestage, It is indeed a born winner, and will offer a life long performance amongst the best poweramplifiers on the market today.

As with every Vitus Audio poweramplifier, the power rating is extremely conservative. Our SS-010 with its 25Wrms in class A, has shown better powerhandling compared to amplifiers rated at several hundreds of watts - so imagine what this 300Wrms in 8 ohms will sound like.....

Retail Price approx. 13.000\$

INPUT	XLR Analog	RCA Analog
Available	1	1
Sensitivity	0,7 VRMS	1,4 VRMS
Impedance	100KΩ	100KΩ
Slew rate	35V/ μs	35V/ μs

OUTPUT	Speaker Right	Speaker Left
Available	1	1
Impedance	75 kΩ	75 kΩ
Power W_{RMS} (8/4 ohm)	300/600	300/600
Frequency response	+800kHz	+800kHz
Signal to noise ratio	> 100dB	> 100dB
THD + noise	> 0,01%	> 0,01%

POWER CONSUMPTION	
Standby	3WRMS
Class AB	90WRMS

DIMENSIONS	
Height	195 mm
With	435 mm
Depth	435 mm
Weight	~42Kg
